GOOD START IN WEST MADE BY THE GIANTS

Score a Clean Cut Victory at the Expense of St. Louis Cardinals.

RED AMES PERFORMS WELL

Cubs Treat the Bostons to a Defeat and Other Games Postponed.

With the Cardinals as the victims, the Giants yesterday began their first western trip in pleasing style. Their victory over the Missourians was clean cut, and the best part of it was the Leon Ames showed steadiness and effectiveness in the box. If this is a forerunner of what he is going to do the New York pitching staff is almost sure to be very strong, but it won't do to count on Leon too precipitately, as he is an erratic performer. Rain interfered with two games, and the only ones played were in St. Louis and Chicago. The Cubs beat the Bostons, while the other teams waited for dry weather to start the intersectional warfare. The Giants gained seventeen points Yesterday's Results.

ST. LOUIS, May 6.—Calls for help and numerous appeals on the C Q D and S O S order failed to bring relief to the Cardinals this afternoon in the opening battle of the cories with New York, and the dire tragedy went its limit with the final count 6 to 1 The point at which the distress signals were aimed was St. Luke's Hospital, where Manager Bresnahan is making a valiant effort to escape pneumonia and other things which doctors refer to by long names. With communication cut off by the physicians, so con-adent was McGraw of the outcome that he even refused to raise a distress signal for a new pitcher when it looked as if Ames was in for a clouting in the fifth inning.

Acting Manager Konetchy made his one valiant effort to get the jump on the Giants by winning the opening game when he sent Harry Salice against the National League champions. With Ames pitching none too cleverly, it looked as if this move might bring the desired result despite the disorganized condition of the Cardinals at pres-ent, but the fight in the team which Bresnahan's presence instills was lacking.

McGraw's cohorts did not delay their
attack long in the opening inning and it

took just two men at but to score the first run. Devore was the first Giant to face a St. Louis pitcher this season and he walked n Sallee failed to get four curves to behave. Capt. Dovle was the next to advance to the attack and Larry banged the ball up against the right field bleacher front for a triple, putting Devore over the plate. Snodgrass was the first batter Sallee fooled and he raised a short fly to Wille, Doyle taking no chances and hugging third. Burns proved his judgment excellent by putting single in centre and Doyle came home Merkle flied to Huggins and then Burns stole, going on to third on a wide throw by Wingo. Herzog shot a liner to Ellis for the third out.

In the second inning Shafer began with a single. Meyers bunted, advancing the runner. Mowrey's throw was wide on the play and Konetchy had to make a hard stop, Shafer going on to third as a result of the break. Ames walked. Devore struck out. Then Shafer and Ames tried the double steal, but Shafer was out at the plate.

There was scoring on both sides in the fifth, with the Giants having the best of it 2 to 1 Meyers was out when Ames bumped a double to the right field bleacher front. Devore walked and then Doyle clouted a high one to right which hit the screen in front of the bleachers and bounded back on to the field. Ames scored and Doyle went to second, where he made a claim that the drive should go for a home run. This was overruled, however, by Owens' and Brennan after a consultation. Snodgrass Brennan after a consultation. Snodgrass lifted a fly to Oakes and Devore scored from third. Burns made the final out on a line drive to Wille. Hauser started the ct ardinals off with a low fly to centre which Snodgrass got to but could not hold. The hit went for a double as a result. Willie beat out a fifth bounder toward first. Wingo hit to Doyle and a double killing followed while Hauser was crossing the plate. Sallee hit a single to right on a line, but lost credit for the effort when Owens called him out at first on a throw from Burns, though he looked sate by a wide markin.

In the seventh, with Meyers down, Ames made his second double of the day on a drive to right. Wilson was sent in to bat for Devore after the call was one and one, but the best he could do was to loud out to Wingo. Ames advanced on a passed ball and when Doyle singled to left he scored. Doyle stole second, but Snodgrass rolled to Hauser for the third out.

The final Giant run came in the ninth. Becker drew a pass and Doyle singled him to third. Snodgrass sent a fly to Ellis and Becker scored unopposed, Ellis throwing to second. Burns made the third out on a fly to Ellis after Doyle had stolen.

Connecticut League.

No games scheduled. NOTES OF THE DIAMOND.

Last year the American League had many more 300 hitters than the National. This year the reverse is the case.

A home run slam by Cashion made such an im-pression on Washington and the ball game that one paper spelled it with a double m. The sad part of Hank O'Day's success as a manager is that all that ability should have been wasted while he was umpiring.

Former Highlanders here with the Browns are Francois Laporte, Jeems Austin, and the pair of Jacks, Powell and Frill, and Josephus Lake. Lange of the White Sox struck out Cobb and Crawford in succession the other day. Something of a feat. Russell Ford did it last year.

The Reds, it is declared, are playing beyond their speed but what an upset it would be if they should play beyond their speed all season. Fifteen thousand persons saw the International League opening in Rochester yesterday. It was an eleven inning encounter and the champions

The Cubs have been the busiest movers of the season in the percentage column. They have been weaving back and forth from third to sixth like shuttles.

In the matter of consecutive defeats, both accomplished by tail enders, the Highlanders dropped six straight, and the St. Louis Cardinals have just done likewise.

It is the ambition of the Athletics to win three world's championships in succession, but they realize that there is a good deal to be done in the meantime and are attending to their present knitting without straining or rushing matters. The National Commission has denied the appeal of the Montreal club to set aside a ruling of the National board which directed that the name of Pitcher Burchell be stricken from the club's reserve list on the payment by him of \$750 to the club.

The philosophy of Jim Delehanty has it tha "errorslare the staff of life of baseball. They are to the National game what good food is to the human stomach." But, bel might have added, if no properly assimilated they are likely to create gastritis of the percentage.

yesterday:
"We duly received your favor of April 10, and in reply beg to inform you that, in strict accordance with the rules laid down for the Marathon race, the use of oxygen for the Marathon race, the use of oxygen gas by competitors taking part in that race (being considered as appertaining to the class 'drugs') will not be allowed."

In the last few years oxygen gas frequently has been administered to athletes and opinions have differed as to the benefits derived from its use. It has been tried on runners in middle distance races in England and at that time a runner who took the gas was said to haveifinished his

took the gas was said to havelfinished his trial in faster time than he usually ran and was less distressed after the effort. One of the first instances of the use of the gas was in the forty-nine round fight begas was in the forty-nine round fight between Joe Jeannette and Sam McVey in Paris on April 17, 1909. The battle was one of the most gruelling ones ever fought and both men were liberally supplied with the gas when they began to show signs of distress. Jeannette showed the better results from its use and finally knocked out McVey. Soon after this a thicago athlete tried it in a 400 meter hurdle race and ran three seconds taster for the distance than its had ever run before.

In spite of these trials there has been a general prejudice against the gas and there will be little regret here because it has been barred in Sweden.

The American Olympic Committee has issued another appeal to athletes to fill up and return the entry blanks sent out some lime ago. So far only about forty men have sent in their blanks, and some of these are not properly filled out and will have to be returned. There is no necessity for entries to be made for the tryouts, but it is absolutely necessary for all the men who expect to make the team to return the Olympic blanks before May 30. No matter how well the men perform in the tryouts it will be too late to enter them after that date.

Mere Strength Won't Do

You're buying a pleasure car—not a motor truck. The chassis of the new Moon "40" is 20 horsepower stronger than its 46 horsepower motor—no car need, should or could be stronger. But grace, style, class and comfort are also requisites—generously provided in The Character Car.

A car is no greater than the pleasure it gives—the pride it prompts—as well as the safety it includes.

The owner of the new Moon "40," with men passengers, is eager to explain that his car has the T-head long-stroke motor—120-inch wheel base (really 121 inches)—demountable rims—36x4-inch tires—oversized transmission, rear axle and steering gear, typical of carselling for \$1,000 more than the Moon price, \$1,800.

But when women are riding in a Moon, it's an extra

pleasure for the owner to note their admiration of The Character Car's stylish, classy lines—its 10-inch upholstery—its all-metal black and nickel finished body—its provisions for little comforts, even gasoline gauges and glove or goggle boxes. Columbia's School Boy Meet.

Columbia expects to have the biggest interscholastic track meet in its history next Saturday afternoon when the University Track Association will be the host for some three hundred high and preparatory school boys. With the exception of the hammer throw, which has been omitted because of the lack of space on South Field, the events are the same as in intercellegiate competitions. A 12 pound shot, however, will be used instead of the 16 pound missile. E. Wentz, the Roselle High School boy who established a new scholastic mark for the two mile in Columbia's indoor meet, will try to add to his laurels by repeating on South Field. His strongest rivals will probably be C. A. Ten Eyck and his teammate, M. Thompson of Jamaica High, who will oppose Wentz.

Georgia and W. & L. Play Tie Game.
